ENDORSEMENT

Fraternal greetings of joy and love!

This is to endorse the Risen Saviour Mission's (RSM) effort to send more nutritious meals for the poor and malnourished children in the Philippines. Since 2006, RSM has shipped over 55 million nutritious meals for feeding more than a million children and families affected by the disasters through the HAPAG-ASA, a holistic program of the Catholic Church in the Philippines. The RSM, as the official American partner of the HAPAG-ASA, has been soliciting food and raising shipping expense money in the United States to be able to ship more vitamin-packed meals to the Philippines.

The RSM and the 57 dioceses in the Philippines, through the HAPAG-ASA, are continuously expanding their reach to feed more needy children in the country. We pray that RSM, with the grace of God and your help, be able to raise the resources it needs to ship more nutritious meals for the benefit of the poor, hungry and malnourished children of the Philippines.
