Glorifying GOD by Helping Starving Children!

God's Miracle

It's hard to describe the incredible joy and gratitude that our RSM mission team felt at the end of February. We were blessed to attend the wonderful closing ceremony of the **Marinduque Integrated Nutrition, Education and Livelihood Project (MARINEL)** Project. What began as nine feeding sites ultimately blossomed into a comprehensive approach to reversing malnutrition on the entire island of Marinduque in the Philippines.

In just 5.5 years, RSM established 235 feeding sites on this mountainous island of 275,000 people and reduced the malnutrition level from 25% of the population to 1.75%. Children were healthy again and attending school. Mothers were giving birth to healthy babies. Families were able to provide for themselves.

100% of your donation feeds starving children!

TO HAVE A RISEN SAVIOR MISSIONS SPEAKER COME TO YOUR NEXT MEETING.**

The ceremony took place at the Immaculate Conception Cathedral in Boac, the capital of the province. The CEO and Vice President of Feed My Starving Children were there, along with priests, governmental nutrition scholars, RSM volunteers, and staff from our partner, Hapag Asa. Here the living results were before us, as a parade of healthy children and parents began testifying about the life-saving changes they experienced from the RSM program. These were the ones who benefited directly from our hard work and prayers.

God's Miracle (continued)

It was truly an emotional moment for the RSM mission team. All of the extreme difficulties of fund-raising, transporting food, training volunteers, ministering to sick and dying children, traveling across treacherous terrain, and weathering typhoons had culminated into a holistic approach that works.

"I'll never forget one of the boys. His name was Kurt. He started with us at age 7, weighing only 33 pounds, and here he was standing in front of us singing "My Heart Will Go On" from the movie Titanic. At 9 years old he now weighs 55 pounds and is six inches taller. I was so thankful for his gift of song. It was so beautiful, and all I could think was what a loss to the world it would have been if his voice had been silenced by starvation."

~ Jerry Krosnowski

THANK YOU FOR SUPPORTING RSM WITH YOUR PRAYERS AND DONATIONS.

**RISEN SAVIOR MISSIONS IS ONLY STAFFED BY VOLUNTEERS.
COME JOIN US!**

God's Miracle (continued)

We were overwhelmed by the amazing miracle that God had invited us to take part in. Through better nutrition, classes on hygiene and finance, faith formation, and instruction in farming and manufacturing, these families were able to sustain themselves and be self-reliant. Income increased by 110%. 99% could now afford additional resources. 97% were able to save more money. 98% reported a stronger relationship with Christ. All of this was possible through the grace of God and our RSM donors and "prayer warriors." Thank you!

PLEASE PRAY FOR OUR WORK AND VOLUNTEERS!

God's Miracle (continued)

Now that we have an exemplary model program that achieves great results, God sends us forth again. We are now training new volunteers to replicate our program on other islands.

This group of mothers learned how to form a co-op for saving money. Together they saved 93,000 pesos and now can send their children to school.

This on-the-job training takes a hands-on approach to implementing all the facets of our holistic program. They are being trained to identify and feed the poor, and they are being taught all aspects of our livelihood curriculum.

Our next target areas are the islands of Samar and Bohol, as well as the Bicol Region of Luzon. Please join us as we step out in faith and serve the poor of these areas. As we continue this great work with God, we ask for your valuable prayer and financial support to help heal and empower these poverty-stricken families. Saving the lives of starving children is within our grasp. One hundred

children die each day in the Philippines. We can be their very answer to prayer. We can be a part of God's miracle for them!

Send your tax-deductible gift to:
