Glorifying GOD by Helping Starving Children!

Change the World from Minnesota

When I asked a poor little girl in a dirty white t-shirt why she was gathering pieces of plastic in the garbage dump with her friends for recycling, she simply smiled at me and said, "No money!"

We Americans take much for granted. We don't always think of our homes as lovely and our lifestyle as abundant. And yet, that's just what we have when we honestly compare

it to the poor garbage dump children in the Philippines. They are so poor that they cannot even afford to dream about their future, because they are too busy struggling just to get a small bowl of rice and survive that day.

It may seem so hopeless to these kids, but we can help them dream about a healthy and bright future. We can effectively change their world by providing them with the food, education, and care that they so desperately need. By offering them a helping hand, these children can dream of a promising future!

So much is known about the damage caused by malnutrition, and much of it is irreversible beyond the age of 6 years old. The good news is that the problem is preventable if we all work together. For every dollar donated to RSM, we are now shipping \$30 worth of nutritious Feed My Starving Children food directly into the hands of each starving child in the Philippines enrolled in our interfaith programs. Imagine, it only takes two cents to ship and deliver a nutritious serving of food to these children! RSM's holistic feeding programs are winning the battle against starvation in 90 to 95% of the children enrolled. Their health and life are being restored!

Please help these children through your donations. Please provide them with a daily serving of food so that they can regain their health and return to laughing and playing once more. Help us to save these innocent children from scavenging through garbage dumps to going back to school again. Through your prayers and donations, help us to change the world from Minnesota!
